Guidelines for Authors

1. Author Registration

- Every author has to register himself /herself on website.
- After Registration, **author will be allotted unique author code (e.g. AM0003)** which will be author's identification number.
- All fields in the registration are compulsory, and **no changes in the details will be allowed once the author has registered.**
- If, there are multiple authors for a single manuscript then **every author has to register separately.** All the authors will be given a unique author code which they have to use for further correspondence.
- This unique Author Id will be communicated to authors by their registered e-mail only. Hence it is mandatory to give correct mail id.

2. Manuscript Registration

- After author registration, manuscript title will be required to be registered.
- **Every manuscript will be allocated unique number (e.g. PCM002),** which will be used as identification code for the Research paper.
- **If a person is going to submit more than one manuscript, then he/she will have to register all the manuscripts and for every manuscript he/she will be given unique number.**
- **Every manuscript should be registered only once even if there are multiple authors.**
- While registering the manuscript, **unique author code of all the authors will be required.** Once the data is submitted by the author, **no change in the details will be entertained.** So it is advisable to keep all the author's unique codes ready at the time of title registration.
